Application 2026-4 (PB) Applicant is looking for assistance with her heating oil bill. She was denied assistance by the town welfare. There were concerns raised as to whether giving her \$500 would only be a band aid approach as her other bills are extensive. CH made a motion to give her \$1000 to put towards her heating oil bill. CJ seconded. Motion passed. CJ will check with the oil company to find out the best way to go about paying them for the applicant.

CJ made a motion to come out of non-public session. TL seconded.
